

monomial_basis

vector_interpolate

vector_interpolate
_generator::policy_satisfied

```
graph LR; A[monomial_basis] --> C[vector_interpolate_generator::policy_satisfied]; B[vector_interpolate] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'monomial_basis' and the bottom box contains 'vector_interpolate'. Both boxes have a black border and a white background. On the right, there is a single, larger box containing the text 'vector_interpolate' on the top line and '_generator::policy_satisfied' on the bottom line. This box has a black border and a light gray background. Two blue arrows point from the right side of the left boxes to the left side of the right box. The arrow from the top box points to the top edge of the right box, and the arrow from the bottom box points to the middle edge of the right box.
